## HOBBIES

Skiing, Sailing, Gastronomy,  
Photography, Cinematography,  
Petrolhead

## PROFILE

Junior Full-Stack/Front end developer with half year experience in MERN stack, and creative cinematographer with 2 years of experience in making professional videos.

## EMPLOYMENT HISTORY

### Cinematographer at ABVisual, Nagykanizsa

April 2018 – Present

I'm feeling lucky, since this is not only my job, this is my passion and hobby as well. I usually shoot videos about weddings, hotels and cars, but sometimes I make video clips too. I'm a skillful drone pilot, thus I'm responsible for the aerial footage.

### Ski Instructor

August 2018 – Present

Since I graduated I have provided trainings for many groups of people in Austria and Slovenia in the winter season. My main aim is to help people achieve their goals.

## EDUCATION

### Green Fox Academy, Budapest

March 2019 – August 2019

#### Degree: Junior Front End Developer

I have always been interested in technology. Besides my jobs, I'd like to learn coding because I want to get a new valuable skill which helps me to find jobs easily anywhere in the world. I learned here Full-Stack Development, but I feel the Front End part closer to me.

### Federation of Hungarian Ski Instructors, Budapest

September 2017 – September 2018

#### Degree: Ski Instructor \*

I skiing since I was 6 years old and we usually go skiing for days with my family and friends 3-4 times a season. In 2017 I decided to learn how to instruct skiing, because I wanted to perfect my skills and give my knowledge to people who need it.

### University of Pécs, Pécs

September 2015 – Present

#### Degree: Sports Management

I'm on a correspondence training here and I have got some courses left to get my degree in Sports Management BSc.
